

**Maude Kerns Art Center**  
***Communicable Disease Management Plan***

**Limiting class sizes**

- This will allow us to provide each student with a better environment to maintain distance between students and limit the number of people coming in and out of the art center.

**All staff members, Instructors, and Education volunteers are required to be fully vaccinated.**

- All staff members will need to provide proof of COVID-19 vaccination. Exemptions may be made only for eligible medical or religious reasons. There will not be an option to opt out for other reasons or choose testing in lieu of vaccination.

**Students are encouraged to not attend class if they are not feeling well**

- If you are not feeling well, we ask that you stay home. This allows us to create the safest environment possible.

**Providing sanitary products for your use while at the art center**

- We will have plenty of anti-bacterial soap and wipes readily available for your use

**All surfaces in the Art Center will be disinfected and sanitized regularly.**

- This will include bathrooms, doorknobs, handrails, and other frequently touched surfaces.

**All instructors and students are encouraged to wash their hands.**

- Upon entry into the class, before leaving for the day, and any other time deemed necessary.

**\*Students who cannot follow these guidelines and help maintain a safe environment for all involved will be asked to leave class.\***
